VI. FINANCE REPORT: Mary Kofil, Treasurer: $1418.13 balance.

VII. TOPIC: Status of Economic Development in North Brevard County

- **Holly Woolsey and Troy Post--**Holly told us about the ongoing and planned projects for North Brevard. The Greater Titusville Renaissance was established to promote our area; it is focused on 4 areas: Corridors, Arts & Culture, Business Development and Communications. Most of the "Titus Landing" is now leased. Our local airport is one of only 9 spaceports in the country; we have 8,300 employees at the KSC, all good examples of a strong economy. Port Canaveral growth will be providing a positive impact for North Brevard with plans for development of an inland port to S. Titusville. Troy spoke of the No. Brevard Economic Development Zone, highlighting areas of growth in our space industry, providing a positive perspective of the private companies' plans regarding deep space exploration, commercial cargo transports and payload processing. He discussed the need for our community's support of business development, "How can we help local businesses thrive?" The Zone has the task of providing incentives, redevelopment support and "tools" to help new companies grow successfully.
- **Mayor Jim Tulley—**highlighted a few "Spacecoast Gems", areas of growth and pride within our city. We heard details of the upcoming Arts & Algorithm festival to be held in Downtown Titusville 10/3-10/12/14.
- **Trey Gordon--Project EAT** reviewed the event and the calendar promising a presentation during the October meeting. A brief update was given by Trey and Tara

VIII. Strategic Action Planning for North Brevard Coalition (handout) Trey Gordon, Chair

Trey Gordon and Tara Pagliarini gave a brief update regarding Family Promise of Brevard.
