# Mission Statement

The North Brevard Coalition o--f Human Services will serve to educate the community and individual agencies about existing services; to work cooperatively to develop services that fill unmet needs; and as a united group, act as a consultant to individual agencies in the preparation, review and submission of grant proposals or the development of new projects or programs.

# Mission

NBCHS's mission is education, coordination, and facilitation of community transformation through partnerships of community organizations. Together, the member organizations have found ways to assist many families and individuals who would otherwise have trouble meeting basic human needs including food, clothing, and shelter.

# History

The North Brevard Coalition of Human Services, "NBCHS" or "the Coalition", founded in 1994, is an unincorporated association of over one hundred community and faith-based organizations that has continually served as a grass-roots movement to successfully impact and improve the quality of life for families and individuals in need.
