Message from the Operations Manager

We are now in the last month of this year. As it is said, "My, how the time has flown". As we look back we all can say we have had some good days and some bad days. We have seen people come and go. Many changes in our homes, city, state, our country. As we reflect over the year in each one of these areas may we learn from the good and the bad. May we be one of the positive changes in our homes, city, state ,our country in 2019.

Mahjongg

A game unique in itself but while much more interesting than, not unlike another game you may know called "rummy". If you can play rummy, you're on your way to becoming a Mahjongg player. It has been referred to as a mind sport and after, an afternoon around the table, a good rest is on the mind of many players. It is a fun activity as well as a good, fulfilling kind of brain strain. Because it's difficult to see a realistic picture of the game without watching the whole procedure, we encourage anyone interested, to come watch the action and meet our great group of friendly players. Maybe you'll be interested in challenging your brain in this fun way and if so, you'll want to check on lessons here at the center. Also in closing, A Very Important Note: Please understand that there is only one way to play on the internet and that, is thru the Mahjongg Association. Don't be confused by the many internet matching games with Mahjongg, etc. in the name. They are nothing like any version of the ancient Chinese game we're talking about here. There's nothing like the real thing!
