RIDDLE ANSWER: dwarf, dweeb, dwell, dwindle

TRACED and SHAKEN/STIR

On May 23, Congress passed the Telephone Robocall Abuse Criminal Enforcement & Deterrence Act to strengthen the Federal Communications Commission's ability to combat illegal robocalls (higher fines, longer statutes of limitations, etc.).

Phone service providers can block unwanted robocalls before those calls even reach their consumers' phones.

On June 25, the Federal Trade Commission announced a joint Federal/State effort to combat robocalls. The FTC hosted a summit to help phone service providers implement technology to block "spoofed" calls (those made by machine and not a person). Named Shaken/Stir, the new technology validates phone calls passing through providers' networks, allowing the phone service provider to verify that a call is indeed from a real person.

THE SHINING — A family's very first Airbnb experience goes so wrong.

BEAUTY & THE BEAST — The Stockholm syndrome works.

RIDDLE — There are only 4 words in the English language that start with "dw". Name 3 of them.
